New spring goods at Reiter's.
There will be an ice cream festival and jubilee at the Salvation army barracks Friday evening at 6 o'clock.

Yesterday the Chicago Tea and Coffee company went to the wall on a foreclosure held by the Clark Coffee company of Omaha.
Friends of the Baptist church will please remember the festival which takes place this evening. Delegates and attendants by the presence and money assist the ladies in their noble work.

The board of supervisors was busy yesterday settling with the county treasurer. The attention of the honorable body will be directed to the annual large stack of bills that are aimed at the county wallet.

The long looked for stars for the police force arrived yesterday and were welcomed immediately. The fire department badges came with them, and the two branches of the city service are now fully equipped.

Chief Walters, of the department, and Aldermen Knepper and Waterman were out in the suburbs last evening, for the purpose of locating additional street lamps in localities beyond the reach of the tower lights.

Mrs. Rothert, wife of the superintendent of the institution for the deaf and dumb, returned yesterday from Chicago, with her son, who has been under treatment there. He is improved greatly, but is by no means fully restored to health.

The following marriage licenses were issued yesterday: J. R. Jones, 22, and Mary J. Jones, 17, both of this county; Oscar S. Herderson, 21, and Edna A. Kempton, 19, both of this county; and Joseph M. R. Jones, 36, and Ellen Blaine, 36, both of this county.

Chief Lucas arrested J. C. Williams for trying to beat his board bill at the Kiel. He was enjoying the luxury of that popular hostelry and was entirely without means or the prospect of any. The transition from the inviting mattress at the hotel to an adamant one couch in the city jail was quite sudden, and its effect seemed very depressing.

An exhibition horse race and base ball game will take place at the fair grounds Sunday at 2 o'clock p. m. for the benefit of the hose team, and to defray their expenses to Clinton to attend the state tournament to be held June 12. Counting the fastest horse team in the world, and it wants encouragement. The admission will be only 25 cents.

One of the city papers stated yesterday that J. R. Davidson ran into the arms of an officer early Sunday morning, while in pursuit of his runaway horse on Benton street. Mr. Davidson called at the office of the police and denied the story, stating that he was the only J. R. Davidson in the city, and not given to such frolics as mentioned. He was formerly engaged in the dry goods business here, and is well known to many of our citizens, who wondered at his indulging in nocturnal perambulations. It is evidently a case of mistaken identity or a slip of the reporter's pencil.

Motor Line Time Table.

Until further notice the Manawa motor line will leave the Rock Island tracks at 9, 10 and 11 o'clock a. m.; at 1, 2, 3, 4 and 5 o'clock p. m. and at 7, 8, 9 and 10 o'clock p. m.

College Songs—Fino male quartets,

boy choir concert, 350 voices, Musician temple, June 8. Admission 25 cents.

Trying Hat Poison.

The nine-year-old son of Eugene Mottaz, the East Broadway butcher, directed his attention to "Rough on Rats" Tuesday evening at his home on Graham avenue, and the result of his impulsive investigation came near being fatal to the over-curious youngster. The poison had been placed on the numerous rodents with which the place was infested, and the boy was informed of the fact by his mother. With the innate curiosity of the average young American, "what would it do?" the boy proceeded to eat some of the bread for the purpose of testing his own stomach, as he had no rat with which to experiment. The result was very favorable for the poison, but highly uncomfortable for the boy, and decidedly alarming to his parents who were soon aware of what had happened.

A physician was summoned and his medical skill called into service to offset the effects of the deadly dose. A night of hard work saved the boy's life, and yesterday morning found him pale and weak, but nevertheless on the road to recovery. It was a close call, but then he now understands how the innocent looking stuff "gets in its work."

Kansas City and Omaha.

Commencing June 1, 1888, the K. C. & St. Jo & C. R. R. Co. will run their trains Nos. 8 and 4 between Kansas City and Omaha via Council Bluffs and the U. P. bridge. They will arrive and depart the same as heretofore. M. N. Marshall, Gen'l Agent.

Get a Home.

Parties desiring a home either in the Van Brunt and Rice addition or Gregg tract, Council Bluffs, with house built to suit customer on easy monthly payments, can secure the same in the next ten days by inquiring at Nonpareil office, Omaha, or room No. 5, Everett block, Council Bluffs, Ia.

Where Has Kessler Gone?

About three weeks ago a man by the name of Edward Kessler, living on Sixteenth avenue between Thirteenth and Fourteenth streets, left his family ostensibly to seek employment elsewhere; at least that claim is set up by some as a reason for his going away. His family, which consists of a wife and three children, was left without money or means of support. The continued absence of the husband and the destitution of the family attracted the attention of some philanthropic persons who yesterday visited the wife. Nothing is at present known of the whereabouts of Kessler, or whether his absence can be satisfactorily explained. Some who are acquainted with the family say it is a case of desertion, but whether this is true remains to be seen.

The Manawa Ball Grounds.

It is now a settled fact that the ball grounds at Lake Manawa are to be fenced and an amphitheater erected. A few of the business men have taken hold of the matter and are bound to carry it through. They propose to raise part of the necessary money by selling space on both sides of the fence for advertising purposes. Several parties are contributing money for the purpose, and the lumber firms are furnishing lumber. The fence will cost about \$700 and as soon as it is completed all of the games of the twin cities league will be played there.

Change of Firm.

We have this day purchased the interest of S. T. Walker, of the firm of Morehouse & Co., and the partnership heretofore existing is dissolved by mutual consent. Thanking the public for their patronage in the past, and soliciting a continuance of the same, we are very truly,

E. MOREHOUSE,
E. A. MOREHOUSE.

A Day in Court.

The case of C. W. Power vs. London Mullen et al to quiet title was on trial yesterday in the district court. Flickinger Bros. appeared for the plaintiff and W. H. Ware and Finley Burke conducted the defense for William Sindert, as intervenor. The case was possessed of little interest to any one except the litigants and attorneys, and the court room was almost deserted. The liquor cases are limited to the afternoon, and the indications are that they will contain a good many dollars worth of interest to some of the parties concerned.

The Hotel Will Be Built.

The hotel committee of the board of trade held a meeting yesterday morning at 10 o'clock, to take some action in regard to the proposition of the Chicago syndicate. The offer is to erect and fully furnish and equip a \$250,000 hotel if this city will lead them a site, and the syndicate agrees to begin work at once and push it as rapidly as possible to completion. The committee decided to accept the offer, and it is thought that enough money to secure the location of this grand structure will be subscribed by the end of the week. The Chicago parties promise to come on at once, and their architect will probably be in the ground inside of ten days. The new palace hotel matter is finally settled and this city is to have one of the finest hotels in the west. This result is due to the effective work of the recognized board of trade, and is but one of the many enterprises for the upbuilding of the city that this energetic body has under consideration. The outlook is most encouraging, as several large manufacturing concerns are about determined to locate here. The new business blocks already in course of erection under the supervision of the board of trade, and the fact that the syndicate has already been subscribed and the erection of the building is fully assured.

The hotel syndicate does not ask the citizens to advance any stock, but simply to give them a location, and there is much enthusiasm over the matter. Nearly \$30,000 has already been subscribed and the erection of the building is fully assured.

The Methodists Will Build.

Yesterday afternoon there was a meeting of the Methodist church committee at the office of C. M. Hart, Esq. The object of the meeting was to decide upon some plan for future action with reference to the building of a new church. Architect Ward was present and gave some valuable suggestions. He will immediately prepare plans of the proposed church, which will be a two-story building and give about nearly double the seating capacity of the old church. It is decided to make it on a modern plan, the interior being a single story with a gallery extending nearly around. A basement will also be built in which the church parlors will be located. A handsome and stately tower will add to the symmetry of the structure. The old church will be torn down and the material used in the new building. The cost is estimated to be between \$15,000 and \$20,000. While the new church is in process of erection it is probable that a tent, having capacity to accommodate 1,000 persons, will be used for Sunday service except when the weather is bad, when the Masonic temple will be used.

Cut Rates to Chicago.

The Chicago, Burlington & Quincy railroad will give cut rates to all who desire to attend the republican convention at Chicago, one fare for the round trip. A special train will run for the accommodation, but the tickets will be good on regular trains on and after June 16. Tickets will be on sale on June 14 and from the 16th to 19th inclusive. Good to return between the 20th and 25th. M. M. Marshall, general agent.

Fast Men For Big Money.

Sunday afternoon at 2:30 o'clock the members of the Council Bluffs hose team will give an exhibition race at the driving park. It will be a handicap, with Harry Bethune at the scratch. The other runners and the distances given are as follows: O. D. Hart, 2 yards; O. D. Clark, 3; C. W. Gibson, 2 1/2; J. C. Ryan, 3; W. C. Ross, 3; J. M. Whitney, 4; C. C. Lee, 3; B. W. Crider, 4; W. W. Hough, 4; W. W. Pepper, 3; Clem Hough, 3; Leon Loder, 3; William Ross, 3; Mott, 5. Purse—\$400 to first, \$100 to second, \$50 to third. Sheffield rules to govern. The race will be run in heats, five men in each heat, and the winner in each to run in the final.

After the race there will be a coupling

exhibition by the team couples, who are said to be the fastest in the country. The exhibition will be for the benefit of the teams who go to Clinton to run in the tournament races.

An Unpleasant Intruder.

Mary Ellen Higginbottom, a sixteen-year-old girl employed as a domestic in the family of John Flanagan, left her work Saturday morning and went home to her mother, who resides in the city, and said that some man had entered her room the previous night and laid down upon the bed, but when ordered to leave had immediately left. She thought the intruder was her employer, and the mother went to Colonel Duley to have Mr. Flanagan arrested for rape. The county attorney investigated the matter, and became satisfied that there was no case against the accused. There are several workmen in the employ of Mr. Flanagan, who board at the house, and the friends of that gentleman regard the girl's story of someone entering her room as correct. The question of identity is probably where she was mistaken.

Breakers Ahead.

Much indignation is expressed by the citizens on all sides, regarding the action of the Milwaukee railroad company in refusing to allow the motor line to cross its tracks except on the most unreasonable terms. The crossings are now here, together with the necessary timbers, and the consent of the Milwaukee officials is in that way to enable Mr. Reed to open his line through to Broadway. The other companies have agreed upon satisfactory terms, but this one stubbornly refuses to allow the work to proceed. Some of the more excitable citizens talk strongly of tearing up the tracks of the railroad company and putting in crossings, whether or no, and the expression of approval with which that sentiment is received, plainly shows how the public feels about the matter. It is very probable that unless the company listens to reason and allows the crossings to be laid there will be trouble, as the citizens are not disposed to submit much longer to the detraction of a company which is enjoying privileges granted by the city council.

Hansen Bound Over.

Yesterday afternoon Peter Hansen was examined on the charge of horse stealing, which resulted in his being bound over in the sum of \$500 to await the action of the grand jury. He is the fellow who took William McKelven's team from in front of the store of the Council Bluffs Carpet company a few nights ago. Whisky did the deed, but the man will have to answer for it just the same.

same. Hansen is an ignorant Swede, and has been in this country only two years. He understands very little English. So far as is known this is his first offense, and had he been sober this act would probably not have been committed.

Four Hearts Beat as Two.

Yesterday afternoon two couples were joined in matrimony. The first to do the hymenal garb were Oscar Henderson and Edna Kimpton, both of this city. At 3 o'clock they called upon the Rev. T. J. Mackey, at St. Paul's rectory and took upon themselves the sacred obligations of marriage. A little later Joseph M. R. Usher and Alice Blaine, of Omaha, were ushered in the sanctum of Justice Schurz, stated the object of their visit and were joined in that official's most approved style.

Boozers and Bad 'Uns.

Seven unfortunate answered roll call in police court yesterday morning, and Judge Aylesworth repeated the prescribed formula in a tone that brought sorrow to some of them.
Boozers—Phillip Cross, \$1.40; John Hanna, \$5.40; E. Graham, \$5.10; Charles Balger, \$7.00. Vag—Riley Bradshaw, discharged. Interfering with an officer—William Bell, paid costs and was released.

A Neat Police Capture.

Yesterday morning Constable Oglesby of Marion county arrived in the city after a long trip. He is alleged, had committed a burglary at Marion, Okla. He received a message from the officer Tuesday evening, and within ten minutes from the receipt of the message the man was in the city. The officer left for home with Cooper in iron yesterday morning. This is a neat piece of police work. The chief is showing that he is the right man in the right place.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good, reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore peace and bodily health for many years. Try this peculiar medicine.

A Peculiar Negro.

The negro is changing his appearance and losing some of the characteristics peculiar to the African race, says the Atlanta Constitution. The new generation is showing the effects of a higher culture. Especially is this noticeable in the towns where contact with the whites shows its effect. The flat-nosed, kinky-headed negro is passing away and becoming an unknown race. All the colored children, no matter how dusky in hue, show the change. Among the females, long hair of that peculiar wavy appearance, hangs in long braids or curls down their backs. Aquiline noses with smaller mouths and thinner lips are the rule. For years, and in fact ever since their freedom, the negroes have endeavored to do away with the short, kinky hair bestowed upon them by their ancestors. Much of their spare change is invested in various tonics and invigorators, and the long attention and care bestowed upon it is shown in their clean hair. The South Georgia negro is an evidence of evolution, the survival of the fittest.

Life is burdensome, alike to the sufferer and all around him, while dyspepsia and its attendant evils hold sway. Complaints of this nature can be speedily cured by taking Prickly Ash Bitters regularly. Thousands upon thousands afflicted bear cheerful testimony as to its merits.

A Strange Hailstorm.

On May 18, 1886, there fell a hail on Caltow mountain, in Pikes county, wagon loads of which remained where it fell over two months, says the Anderson (Ga.) Intelligencer. Many wagon loads were hauled away from there during June and July. On the third Sunday in August I met with a man who had a large handkerchief tied up full of stones about the size of an orange. There were several hundred acres of original forest on the mountain, which was stripped entirely of its foliage—not a hamper basketful of any description being left on the timber. The small timber, including limbs of all sizes, was stripped of the bark as if it had been pulled off with an axe. As far as the mountain could be seen the next day it had the appearance of the oak in mid-winter. The timber was nearly all killed.

Crops in the neighborhood of the

mountain were literally beaten into the ground. Fire would not strip the earth cleaner of dry straw than it was stripped of vegetation by the hail. Mr. West Grant, who lived one mile from the mountain, had ten acres in wheat which was in bloom. He told me next day after the hail that he would give me \$50 if I would find a stone in the field six inches long. I lived two miles from the mountain, just in the edge of the streak, which passed to the south of our place, and plenty of stones fell in our yard from the size of a tea spoon to a pea. A pine tree, as large as a man's wrist fist from the wrist joint. The stones broke through house roofs, where it was severest. It was simply fearful. There are plenty of living witnesses who will testify to the facts stated above if called upon.
